

NON-TOXIC, EASY CLEANING PRODUCTS

Home-made, Effective Cleaning Products:

- ◆ **Baking Soda and Borax**—cleans and deodorizes, also good scouring powders
- ◆ **Plain soap (liquid dish soap or bar soap)** without fragrances or tricloan—Safer, easy cleaner. Castile soap is a good liquid soap option.
- ◆ **White vinegar or lemon juice**—Cuts grease and smells fresh.
- ◆ **Hydrogen peroxide (3% solution)** - Works like a disinfectant.
- ◆ **Good scrub brush or green scrubbing pad**

CLEANING NEEDS	SAFER ALTERNATIVE
 <p>All-Purpose Cleaner</p>	<p>~Mix liquid soap and water (soapy water). ~Mix liquid soap with 1 Tbs. of baking soda, then add lemon juice and water. ~Fill a spray bottle with 1/2 part vinegar and 1/2 part water, add some lemon juice for fresh scent.</p>
 <p>Window, glass and mirror</p>	<p>~<i>Indoors:</i> Use a little vinegar on some newspaper or a rag and wipe. ~<i>Outdoors:</i> Use liquid soap and warm water and wipe with a sponge.</p>
 <p>Toilet Bowl</p>	<p>~Pour 1/4 cup baking soda into bowl and sprinkle with vinegar. Let sit for 1/2 hour, then brush. ~Mix 1/2 cup borax with 1 gallon of warm water. Works like a disinfectant and stain remover ~Hydrogen peroxide (3% solution) also works like a disinfectant.</p>
 <p>Bathroom: Sink, tub & tile</p>	<p>~Dilute 2-3 Tbsp. of liquid soap or castile soap in water and clean with a good scrub brush. ~Mix 1/2 cup baking soda with diluted soap.</p>
