

Alpena Eco-Plan
Table Of Contents

INTRODUCTION	1-1
Background	1-1
Benefits of Ecological Corridors	1-2
Location of Study Area	1-3
Plan Development.....	1-3
INVENTORY OF EXISTING CONDITIONS	2-1
Inventory Procedures	2-1
Geology and Landforms.....	2-1
Water Resources.....	2-6
Ecological Features	2-6
Cover Type	2-7
General Ecological Areas	2-11
Key Ecological Corridors	2-18
Parks, Public and Institutional Lands.....	2-19
ECO-PLANNING GOALS	3-1
Why Protect Nature in Our Community?.....	3-1
Overall Ecological Goal	3-1
Community-Wide Resource Goals	3-2
Collaborative Actions.....	3-2
Comprehensive Land Use Planning.....	3-3
Resource Friendly Zoning	3-3
Stormwater Management	3-3
Lake, Stream and Wetland Protection.....	3-4
Riparian Forests and Wetlands.....	3-4
Natural Landscaping	3-5
Street Trees and Neighborhood Forests.....	3-6
Open Space Preservation	3-6
Ecological Corridors	3-7
Education and Public Awareness	3-7
Technical Assistance	3-8
ECO-PLANNING AREAS	4-1
Introduction	4-1
Eco-Planning Areas	4-1
Open Space Preservation	4-1
Backyard Conservation.....	4-3
Riparian Corridors.....	4-6
Coastal Wetlands.....	4-8
Rail-Trail and Railroads	4-8

APPENDIX

LIST OF MAPS

Water Resources	2-6
Cover Type Map	2-8
General Ecological Areas	2-12
Eco-Planning Areas	4-10
